Get support to tackle your legal or administrative cross-border obstacle.

To find out more join our info session:

	DATE 25 FEBRUARY
	TIME 11:00 - 12:00 CET
	LOCATION Online

The [b-solutions call for new cases](#) has been extended until 30 June 2026!

An **online info session on 25 February from 11:00 to 12:00 CET** to present the extended call. During the session, an overview of the initiative, guide the participants through the application process will be provided, and space to ask questions be offered.

Please find the registration link [here](#).

All relevant documents, including [the full text of the extended call](#), [the FAQ](#), and [the application guidelines](#) are available on the [b-solutions website](#). [Announcement on LinkedIn](#)

b-solutions continues to support public bodies and cross-border structures in EU Member States, as well as neighbouring EFTA and IPA countries, in addressing legal and administrative obstacles that hinder cross-border cooperation. Beneficiaries receive an in-depth legal analysis conducted by an expert familiar with the border region. This analysis identifies the root causes of the obstacle and proposes tailored, practical solutions. The results are delivered in a report, and all costs are covered by AEBR.

The application procedure is straightforward and fully online via [this application form](#), which may be submitted in any European language.
