Autres réseaux / Other networks / Andere Netzwerke

- ◆ Réseau de collectivités locales transfrontalières dont la MOT est membre fondateur
Network of cross-border local authorities of which MOT is founding member
Netzwerk von grenzübergreifenden Gebietskörperschaften dessen Gründungsmitglied die MOT ist

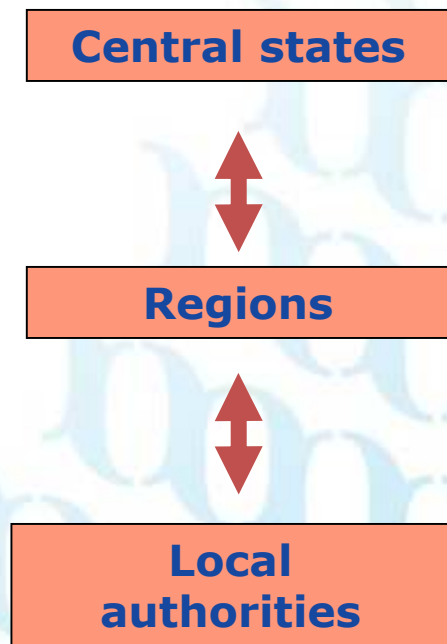

A unique structure to serve projects with a cross-border strategy

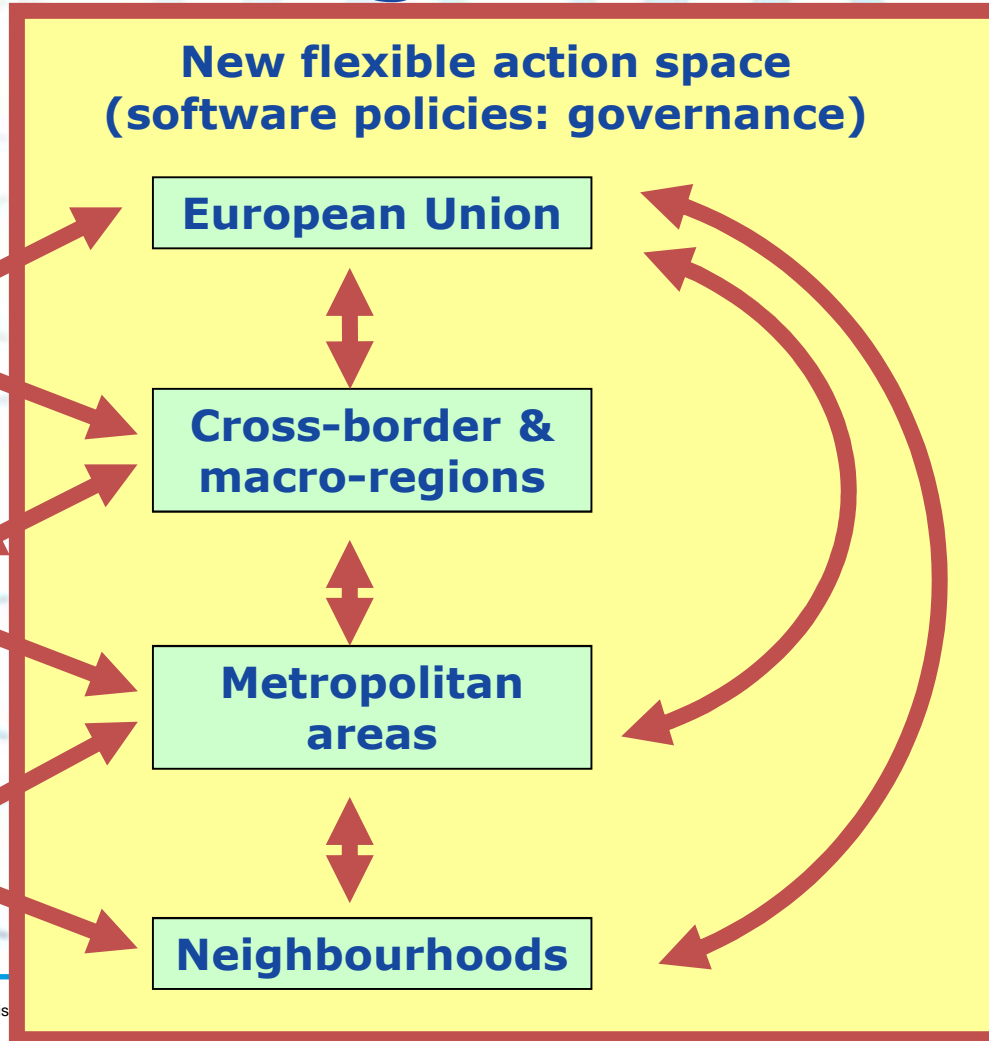

From government to flexible multi-level governance

Old fixed action space
(hardware policies:
government)

New flexible action space
(software policies: governance)

Key ideas for Smart Cooperation

Improving the strategic dimension of cooperation

What is true for macro-regions also applies to CB cooperation

- Need of ***strategies for “cross-border regions”***
- Member States coordinating data, legislation, financing and institutions, across borders; with the support of the EU
- All OPs, and national/regional programs, can contribute to ETC; ETC OPs=catalyst

ETC: flagship instrument of **territorial cohesion**: to be included in strategic documents (CSF; national ***PAs, coordinated across borders***).

Key ideas for Smart Cooperation

Developing tools for capacity building

Evidence, vision, guidance for thematic/territorial projects:

- at the border level: Euro-institutes !
- at national level; MOT (FR), CESCO (HU), NL ,...: Budapest platform
- at EU level:
 - through EU network programs (Urbact, Interact, ESPON, Interreg C...),
 - in interaction with AEBR, TEIN, CECICN...
